CLOSING:

- 3. Adjournment**

Wendy Helgeson, Town Clerk
Dtaed/Posted: October 18, 2018

MEETING: Town Board
DATE: October 22, 2018

AGENDA ITEM #: SD1 - 2a
ACTION TYPE: Approval/Denial

"Town of Greenville"

AGENDA MEMORANDUM

To: Honorable Town Chairperson and Town Supervisors
From: Dan Klansky
Date: October 22, 2018
RE: Purchase of Utility New Locator

ACTION TYPE: This item is for possible Town Board Approval/Denial.

BACKGROUND & SUMMARY: Currently, the Sanitary District has two very old utility locators, one is in the shop and not working, and other is over 12 years old. A new locator was planned and budgeted for this year.

The purchase of The MetroTech 9800 from Ferguson would be a significant improvement in accuracy. It includes an induction clamp, which would also greatly increases the employee safety. Instead of having to go into a power box to get a ground wire out to trace it like we currently do, with the new locator we can put this clamp over cable and trace it. The cost will be divided between Water Tools and Sewer Tools at \$1750 out of each account for a total of \$3500.

STAFF RECOMMENDATION: Staff recommends the Board approve as proposed. If the Board is in agreement, the following motion may be made: ***"Motion to approve the MetroTech 9800 Locator from Ferguson for \$3500."***

POLICY/PLAN REFERENCE(S):

1. Town Purchasing Policy - Adopted August 2017
- 2.

FISCAL IMPACT:

Is there a fiscal impact? Yes, \$3500
Is it currently budgeted or planned? Yes
Amount budgeted: \$ 5000
Account #: 620-8270-395 and 610-6410-610

Metrotech VLOC-9800 5W Transmitter with Soft Case

M9800B007

Watts:

5 ▼

\$3,926.00 EACH
(Pricing is for 5)

Quantity

undefined

Specifications

Battery Size	AA
Battery Type	Alkaline
Collection	VLOC-9800
Color Finish	Black, Yellow
End Connection 1	MNPT
End Connections	MNPT
Fitting Size 1	1/4 in
Fitting Sizes	1/4 in
Fitting Type	Straight
Power Source	Battery
Temperature Range	-4 to 122 Deg F
Type	Pipe and Cable Locator
Watts	5
Weight	9.6

DESCRIPTION

- Alkaline and rechargeable operation
- Full color VGA display shows the ultra-fast response with left/right arrow indicators while in autogain mode or peak locate bar graph with numeric value in manual gain mode
- Provides simplicity and fast performance
- Rechargeable Li-Ion batteries
- Sheath fault locate with accessory a-frame (sold separately)
- Single pushbutton depth and current
- Sonde locate mode
- Three active frequencies of 982Hz, 9.82kHz, and 83.1kHz
- Transmitter can transmit 2 frequencies simultaneously, enhancing locating capabilities
